

CHRISTMAS HOLIDAY
STARTS IN SCHOOLS

Special Exercises Held in
Public Schools Which
Close Tuesday.

All city schools were dismissed Tuesday afternoon for the Christmas vacation, which will last until Wednesday, January 4. The schools were dismissed at 2:30 p. m., to allow the children to attend the matinee performance of Frederick Warde in Julius Caesar.

In all of the schools Christmas exercises were held in the various rooms and in the auditoriums. The programs included Christmas songs, stories and recitations in which the children of the various grades participated. In a number of the schools, particularly the Mexican schools, candles and nuts were distributed by the teachers to the little light seekers at the lamp of knowledge. The school rooms in the different grammar schools were decorated in Christmas greens and pictures, lacking nothing but the snows of the north to give them the Christmas touch.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half a million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first and best specialist in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as with-out fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

THAT REVOLUTION.
From Washington (D. C.) Post.
The four men that Mexican poet killed were probably unconvinced editors.

From Washington (D. C.) Star.
It looks as if in the lexicon of Mexican politics there were to be no such word as "expedient Diaz."

THE GRAMMAR OF GIRLS.
From St. Louis Republic.
A girl is a half-educated animal who has learned to conceal her ignorance by certain uncomplimentary terms. She is a colloquial noun, an objective pronoun, a transitive verb, an oscillatory adverb, a qualitative adjective, a doubtful article, an inconsistent conjunction, a frequent interjection, and sometimes a past perfect participle, and more often a future perfect.

She belongs to the feminine gender, except as a suffragist, and is in any tense. She is rarely declined, except when in the past perfect.

HERE'S TO THE GOAT.
From Washington (D. C.) Post.
It is estimated that the provender consumed by a single cow will suffice for eight goats, whereas the milk of six goats equals the supply from one cow in measure, and much more than that in lactical wealth. But in our country there is a prejudice against the goat, though it is a consumer of no foods except the cleanest and those altogether vegetable, whereas a chicken will eat anything at hand.

Yet the goat is making his way thousands of us in this town eat "lamb chops" from a kid. It is just as good or better, for who ever heard of a sick goat, though all of us read of diseased sheep? Robinson Crusoe told of a goat that was ill, but it was from old age and due to the starvation that came to him from falling into a cavern whence he could not emerge.

The goat is a public benefactor, especially the Angora or Maltese breed. He cleans your farm of pestiferous sprouts and noxious weeds. He defies and defeats the sheep-killing dog. He is thrifty, and shifts for himself in greatly more measure than does the sheep, though he requires care, as does every farm animal from chicken to stallion.

Cheese from the milk of the goat is much richer and far more wholesome than that from the cow, and he that drinks a bit of warm milk fresh from the udder of the goat every morning at frugal breakfast will greatly prolong his life.

Possibly it is true that one cow, after she is discharged the dairy, will make more beef than eight goats, but it will not be so wholesome flesh.

Here's to the goat!
